Joining the National Capital Trolley Museum demonstrates your commitment to the preservation and interpretation of electric street railway history for our Nation's Capital. Your membership will bring you the opportunity to participate in our member-sponsored activities and the satisfaction of supporting a historical asset in the Maryland suburbs of Washington, D.C. Since October, 1969 the Museum members have operated a demonstration railway in Northwest Branch Park of the Maryland-National Capital Park and Planning Commission. We have hosted more than 800,000 passengers on our collections of Washington street cars, American trolleys, and European trams. While developing new programs, members have expanded the facilities and collections to improve the visitor experience. You can be part of this successful member-sponsored museum.
